SWEARING IN

Once GSA has processed your application, they will return it to your local sheriff, who will, upon receipt of the application, call you to come in to the office to be sworn in.

Note: Do not be alarmed when you receive a form ["Form 4"] that ***denies*** your authorization to serve process. Remember that your authorization to serve comes from the courts, not your local sheriff. This is why step 9 is so vitally important!

PURSUE COURT APPOINTMENTS

Once you receive your CPS ID card from your local sheriff, begin to pursue court appointments through the various courts that would benefit you the most. Note that many of these are annual appointments which must be applied for in November of the previous year. GAPPS members can find a list of courts with appointment programs inside the server portal of our website.
